**Code # 1449** - solo pompa / pump only

**Code # 1452** - solo base / base only

**Code # 1453** - kit riparazione / repair kit

**Nuovo modello WC by Nautiline.** Si tratta della copia esatta del famosissimo PAR-JABSCO. Completamente fabbricato con componenti di prima qualità studiati appositamente per l'utilizzo nell'ambiente marino. Disponibile in versione standard e large. Asse e coperchio in legno verniciato bianco.

*New manual WC by Nautiline: thanks to the proper buttonhole it is possible to replace the toilet without having to bore new holes to do so. All mouldings are made of a kind of plastic material fully resistant against uric acids as well as against the chemical agents. The toilet may be mounted both above or below the waterline. The fitted pump is a self priming one. The reversible left-handed pump mounting enables to install the toilet indifferently on both sides. It is fitted with a white lacquered wooden seat. Connection for 3/4" inlet hose and 1 1/2" outlet hose.*

**Code # 1455** - standard - cm 45L x 41P x 34H, kg 10.

**Code # 1455L** - large - cm 47L x 48P x 35H, kg 11.
